REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The claims are allowed because the latest amendments recite features not found in the prior art that clearly distinguish over the references of record; specifically, the recitation of "a plurality of corrugated fins arranged in each flow path for the second fluid extending between two adjacent flat tubes" is a feature clearly lacking in Huggins (only one corrugated fin between each pair of adjacent flat tubes).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Allen J. Flanigan whose telephone number is (571) 272-4910. The examiner can normally be reached on M-F 9:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Eric Keasel can be reached on (571) 272-4929. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
